"Some photographers shoot special assignments just for competition, but I'd rather photograph competition quality everyday. My clients deserve it!"

Adam's Adoption of Conrad Almost Complete

Clients of HLP have seen our family portrait and some of you have even met my son Conrad who assists sessions in the summer. But few people know that I came into Conrad's life just after his 5th birthday.

Our special bond has grown

since 2001 and we share many interests such as photography, snowmobiling, skiing & snowboarding just to name a few.

With Conrad's adoption in the final stage the court will confirm what is already apparent.

"I have always been Conrad's

Dad," says Adam. As Conrad put it, "I've never thought of you as anything else."

HLP Waterfall Coming Soon to Studio Backyard!

We are pleased to announce that as soon as the ground thaws, we'll be breaking ground on our very own koi fish pond and waterfall. We

have hired a professional landscaper to do the job. The waterfall will be about six feet tall and have three spillways that will flow into a 12x15

pond with our very own koi fish. Watch for new photos and specials posted to our website blog when it's complete. We can't wait!

Pictured is Brooke Bouza, a 2009 WHS senior, photographed at the Dow Gardens waterfall. The NEW HLP waterfall will compare with the one at Dow.
